MUFG Cancels the Acquisition of DVB's Aviation Investment Management and Asset Management Businesses

Tokyo, November 10, 2020 --- MUFG's consolidated subsidiary MUFG Bank today announced the cancellation of its acquisition of DVB Bank SE(DVB)'s Aviation Investment Management and Asset Management businesses – part of a broader acquisition from DVB.

As outlined in the announcement made on March 1, 2019^[1], MUFG Bank and BOT Lease Co., Ltd.^[2] signed an agreement with DVB, for the purchase and transfer of DVB's Aviation Finance division to MUFG Bank and BOT Lease Co., Ltd.

On November 18, 2019, DVB's entire aviation finance client lending portfolio (approximately €4 billion as of November 18, 2019), employees and other parts of the operating infrastructure were transferred to MUFG Bank^[3]. DVB's Aviation Investment Management and Asset Management businesses were to be transferred to a newly established subsidiary of BOT Lease. However, the approval of the relevant authorities in each country was not fully obtained, making it difficult to complete the transfer of the businesses in the form originally planned.

MUFG's medium-to long-term policy for aviation finance business has remained unchanged, and it will focus on developing aviation finance business based on DVB's experienced professionals and in-depth industry expertise such as aircraft values, as well as MUFG's broad customer base. The financial impact of MUFG's cancellation of the acquisition of the Aviation Investment Management and Asset Management businesses is minimal.

MUFG will continue to endeavor to strengthen risk management in light of the impact of the COVID-19 pandemic and continues to provide high-quality services to clients by enhancing its ability to offer solutions in the aviation finance business.
